

Slash Block

Materials:

One 10.5 inch square (solid color or reads like a solid)

One 1.5 x 11 inch black strip *solid*

Directions:

Slice the square in two at any angle leaving at least 2 inches from edge.

Stitch the black strip to one piece moving the end of the strip a bit up from the end.
Press toward the black strip.

Match the other part of the square making sure it is in the right direction.
Sew other side of square to the black strip. Press. Steam.

The sides may be quite uneven but not to worry.
You have lots of room to square.

Square to 9.5 inches.

Arrange finished squares on design wall. Slashes can go in any direction. Try to avoid matching up the black slashes.
